SUBJECT No. 1.

The system of granting the minimum area of two acres for cardamom cultivation to be made permanent, the period of tenure being extended to 30 years.

Messrs. B. Rangarajiah and N. Kallegowda, Mudgere Taluk.

Summary of Representation.—The existing order *re* granting the minimum area of two acres for cardamom cultivation may be made permanent, the period of tenure being extended to 30 years just as in the case of lands granted for coffee cultivation. The prohibition of cardamom cultivation in parts around Kottigehar and Hanubal should be removed as the lands in those places are most fitted for the said cultivation and people come there in large numbers for the purpose.

Note.—Not discussed owing to the absence of the proposer.

SUBJECT No. 3.

Revival of the old rate of valuation of date trees.

Mr. B. Venkataramaniah, Chiknayakanhalli Taluk.
